Education

Ph.D.
Electrical Engineering
Communication Systems and Data Networking
Network Security
Western University
Sept 2021 - Aug 2023
London, ON.

B.E.Sc
Electrical Engineering
Wireless Communication
Western University
Sept 2016 - Apr 2021
London, ON.

Skills and Certifications

- **Smart Serve Certified**
- **Working at Heights Certified**
  - **Refreshed This Year**
- **Mangement Experience**
  - **3 Years**
- **Customer Service**
  - **6 Years**
- **Cashier Experience**
  - **3 Years**
- **Automotive Experience**
  - **10 Years**
- **Schematic and Part Ordering**
  - **8 Years**

Projects

- Car Transmission Swap
- Mobile Tire Change Business
- Certification of First Car
- SnowMobile Track Replacement and Maintenance
- Boat painting and motor repair
- General Car Maintenance

Publications and Awards

- IEEE PIMRC Conference Paper Publication: "Shared Experiential History for Encryption Based Peer-To-Peer Authentication"
- 2023 Graduate Symposium Outstanding Presentation in Communication Systems Engineering
- Dean's List Honoree 2017-2018

Work Experience

Graduate Research and Teaching Assistant
Western University - London, ON Sept 2021 - Current

- Drive pioneering research in wireless network security.
- Engineer novel methods for Authentication and Trust Assessment
- Monitor and mark labs, midterm and final exams, and assignments for the following courses:
  - ECE4416/4415 (ECE Design Project Course)
    - Guide students through their final engineering project.
  - ECE3331B (Introduction to Signal Processing)
    - Course is heavily reliant on MATLAB and Simulink.
  - ECE4436A (Networking: Principles, Protocols and Architectures)
    - Linux · Socket Programming · Virtual Machines · Python
  - ECE2236B (Magnetic Circuits and Transmission Lines)
    - Electromagentic Theory

Cashier - Front End
Sobeyes - London, ON

- Money Handling and General Customer Service
- Handle in the sales of Alcohol - Smart Serve

Electrical Engineering Intern (Controls)
General Motors - Ingersoll, ON May 2019 - May 2020

- Create original PLC program solutions using Allen Bradley PLC Software (Factory Talk, DNET, RSLogix, RSLinx),
- Departmental DNET backup during the COVID shutdown down,
- Update electrical drawings in AutoCAD and document changes.
- Cross-functional teamwork at a large scale,
- Quality defect isolation and solutions,
- Project Management (PM delegation, SAP ordering, supervising engineering projects).
- Upholding Ontario Electrical Safety Code (OESC).

General Labourer
City of Elliot Lake - Elliot Lake, ON May 2017 - Aug. 2018

- Operate Grass cutting equipements such as MT's and Kabota's
- Construct structures such as swings and playground foundations.
- Cement pouring, planting, and other general labourer activities

Shift Manager
Mcdonald's - Elliot Lake, ON Nov. 2013 - Aug 2016

- Manage, coach, and support crew memebers
- Schedule and Plan for shifts
- Make regular bank deposits, count and verify cashier tills
- Project Management (PM delegation, inventory ordering).
- Deal with customers, both happy and unhappy, and provide reconciliation measures if required
